

ABOUT AGRITECHNICA

AGRITECHNICA is a leading trade fair for agricultural machinery held in Hanover, Germany. For seven days the show sets the stage for 2,900 exhibitors and lifts the curtain on the future of crop production. High-caliber manufacturers and service providers fascinate an international audience with brand new concepts and innovations. Participate in various forums, discussions and conferences and gain access to emerging markets that bring unparalleled knowledge transfer and insights, as well as unique business opportunities. (Mid November, odd years)
